ACRS Fund Drive Successful

Mrs. Nina B. Beasley, President and Chairman of the Fund Drive for Appomattox County Rescue Squad, is shown presenting Captain Jimmy Rogers with a check in the amount of $13,341.23. A goal of $12,500.00 had been set by volunteer members of the local rescue squad for the 1975 Fund Drive which took place during the month of October with the members personally seeking donations. The people of Appomattox County once again responded to a worthy cause and with their donations made this fund drive a **BIG SUCCESS.** The check will be deposited into the regular fund and will be used only for needed equipment, supplies, and operating expenses.

Volunteer members of the Appomattox County Rescue Squad not only personally collected funds for operating three ambulances to serve the people of this county - but in order to have a dinner at Christmas for the installation of new officers, they took time out to attend the Homecoming Football game and sold chances on the Homecoming "game ball" to make money to finance their dinner. A total of $270.00 was raised on the "game ball", thanks to the cooperation of Jerry Robinson, Athletic Director, and his staff. A gentleman from Amherst was at the game, along with thousands of others, and he was the winner of the Homecoming game "game ball".

School Crossing Guards Having Problems On Job

The Crossing Guards at both Appomattox Elementary School and Appomattox Middle School are once again having problems with motorists not stopping for school children to cross the highway when the guards are out with their "Stop! Children Crossing" signs.

Some drivers do not even slow down and some stop then take off before the children are safely across the road.

Please observe signs when the crossing guards are out trying to protect OUR children. You not only may hit an innocent child but you are definitely breaking the law. Our hope is that you will obey signs for the crossing guards and that our police department will not have to be called in to help do the JOB.

Christmas Club Checks Show Increase Over Last Year

Inflation . . . Depression . . . Recession . . . We read it, we hear it discussed, in many cases we feel the effects, however, there will be MORE cash available this year for Christmas for the people of Appomattox County according to the amount in Christmas Club checks reported by local banks that have been mailed to depositors.

The total of $101,989.00 has been mailed out to depositors from the Farmers National Bank, an increase over the past several years.

$122,185.00 has been mailed out from Fidelity National Bank to its Christmas depositors in the county, also an increase over last year.

Lynchburg Federal Savings & Loan Association has mailed out a total of $255,000.00 to depositors in the area. A portion of this amount went to Appomattox depositors either from the local APPOMATTOX OFFICE or from the Lynchburg branches. We were unable to get an exact total for Appomattox depositors as the new Appomattox Office, Lynchburg Federal Savings & Loan Association did not open here until after the club was started for the 1975 year.

Added to this amount will be a portion of the total of $84,838.75 that was mailed out to Christmas Club depositors from the main office of the First National Bank of Farmville and the Pamplin City Branch. We do not have a breakdown on the part that was sent to Appomattox County people, however, a number of checks went to local people.

All banks, however, report increases over the totals of last year's Christmas Club accounts

CANNERY PERSONNEL PARTICIPATE IN MEAT WORKSHOP

Cannery personnel at both the Appomattox and Pamplin School Community Canneries participated in a meat processing workshop held Tues., Nov. 4, at the Appomattox Cannery. The workshop which was sponsored by the Appomattox County School Board in cooperation with the Food Technology Department at VPI & SU was conducted to train cannery personnel in the proper cutting techniques and processing procedures of beef. Participants in the workshop were divided into groups of three. After demonstrations of cutting and processing techniques, each gorup was required to cut and process the front and hind quarter of a beef animal. The cutting and processing was done under the supervision of the two food specialists from VPI & SU.

Since low quality beef animals are bringing a relatively cheap price, it is expected that more people in the Appomattox and Pamplin communities will be processing these types of

November - Firemen's Month

Meeting in regular session on Monday night of this week, the Appomattox Town Council designated the month of November as "Firemen's Month'. Paul Drinkard, center above, and James H Ford, Jr. were authorized to collect Christmas donations for the Appomattox Volunteer Fire Department. Shown in the photo above is Hunt Hamilton, left, making the first donation to the fund.

These dedicated public spirited volunteers, members of the Appomattox Fire Department, give hours of their time in service to the community without any material compensation. Not only do they "fight" fires in the town and county but hold many training sessions in order to become more proficient. The service given the community by the volunteers of the Fire Department is time and energy consuming and is an essential service rendered to all people in the community. By sending your donation to either Mr. Drinkard or Mr. Ford, you will be saying "thank you" to all the volunteers of the Appomattox Volunteer Fire Department. Your contributions will be used to give a dinner for these volunteers and to present them with a Christmas bonus.

They give to you when you need them- so please mail in your donation today! Due to the energy crisis, Mr. Ford and Mr. Drinkard will not be able to contact each person so they are asking that you mail in your donations. Your contributions will be greatly appreciated.
